Dear Mr Nagia

REGISTRATION OF ADDITIONAL DESIGNATIONS - THE INSTITUTE OF ACCOUNTING AND COMMERCE (IAC)

The Directorate: Registration and Recognition is pleased to inform you that the SAQA Board approved the registration of the following additional Professional Designations on the NQF:

- Associate Tax Practitioner [ATP(IAC)]
- Certified Tax Practitioner [CTP(IAC)]

Your attention is drawn to the following sections in the **Policy and Criteria for Recognising a Professional Body and Registering a Professional Designation for the Purposes of the National Qualifications Framework Act, Act 67 of 2008**:

18. *In administering the policy and criteria for the recognition of professional bodies, SAQA shall:*
 - iii *Give due notice to a recognised professional body; and in the case of a statutory body, also notify the relevant Minister, that an alleged lack of compliance with the SAQA policy and criteria for the recognition of a professional body is being investigated and render the necessary support to the professional body concerned.*
23. *If a professional body loses its recognition status, its professional designations will be deregistered from the NQF. The records of the holders of the designation will reflect the deregistration date and no new records will be added against the designation.*
39. *SAQA may deregister a professional designation if the professional body which submitted the designation for registration no longer complies with the SAQA policy and criteria for the recognition of a professional body, and/or the professional designation no longer complies with the SAQA policy and criteria for the registration of a professional designation.*
40. *A recognised professional body that has its professional designation(s) deregistered or declined for registration on the NQF has the right to appeal to SAQA within a period not exceeding sixty (60) working days.*

41. *Following the deregistration of a professional designation from the NQF the relevant professional body is required to communicate the deregistration to individuals in possession of the designation.*

I trust that the registration of your additional Professional Designations will be to the benefit of your sector as a whole, to IAC itself, and to the NQF and will contribute to skills development and professional service delivery in our country.

I look forward to the on-going co-operation between IAC and SAQA.

Yours sincerely
