LAPSE OF WAIVER IN RESPECT OF LATE FILING FEES AND PENALTIES FOR ANNUAL RETURNS

Customers are reminded that, as from 1 October 2013, the Companies and Intellectual Property Commission (CIPC) will re-activate the late filing fees and penalties for both company and close corporation annual return filings.

In terms of notice to customers, *Waiver In Respect Of Penalty Fees Due To The Late Filing Of Annual Returns until September 2013*, the waiver for late filings fees and penalties in respect of annual returns for both company and close corporations are only applicable for annual returns that became due from 1 April 2011 and which are filed on or before 30 September 2013.

CIPC would like to thank all companies and close corporations who have filed their annual returns, and urge those that still have not filed their annual returns to bring all outstanding annual returns up to date on the latest on the 30th of September 2013 in order to make use of this waiver.

Yours sincerely
